

SOME THINGS IN LIFE
ARE JUST
AWESOME

Like....

Walking barefoot on soft green grass.

Dancing in the rain.

Hearing the waves, smelling the sea.

Having your Showerline Shower installed...

 **Showerline ...AWESOME!**
DEFINING LUXURY SINCE 1987

WHAT MAKES SHOWERLINE PRODUCTS AWESOME?

Showerline has lead the way in South Africa in innovative design, manufacture and supply of bespoke and standard high quality shower enclosures since 1987. With a national footprint and involvement in large projects through Africa, you can be assured you are dealing with professionals.

Our extensive range of frameless and framed products [available to the domestic and commercial market] appeals to discerning buyers who are looking for quality; reliability, functionality, aesthetic appeal and conformity to industry safety standards.

Just take a look at our new in product - Infinity - simply breath taking with clean uninterrupted lines.

By maintaining complete control of the production process we ensure that our clients are getting a superbly designed product that has been meticulously manufactured and ready for installation by a dedicated team with a focus on quality and service.

NEW

CLEAN UNINTERRUPTED LINES PURE LUXURY

 **INFINITY**
RANGE

Seamless Integration of Shower Screens
into recessed aluminium channels.

No brackets or clamps.

Easier cleaning - No areas for soap/calcium etc. to collect.

Clean uninterrupted lines – Glass appears to be Floating.

A unique gasket system is used to insulate the glass from the aluminium
as well as prevent leaks / water escape.

DEFINING LUXURY SINCE 1987

ILLUSION RANGE

frameless

The stunning ILLUSION Frameless Shower Range offers a clean modern, minimalist look with many design features that improve, enhance and enrich the range, making this one of the most technically advanced showering enclosure systems available today.

Door Range options include:

- Hinged.
- Slider (available options: side or centre access).
- Glass-Fold.
- Hinge Bath Screen.
- Multifold Bath Screen.

Features include:

- Leading waterproof system and superb functionality.
- 8mm Toughened Safety Glass.
- Crystal clear glass-to-glass seals.
- Concealed fixtures.
- 6mm Toughened Safety Glass (screens only).

REFLECTION RANGE

frameless

Our unique and elegant REFLECTION Frameless Shower Range with its curved hinges complement the majority of modern sanitary ware applications.

Being able to combine various glass thicknesses is a distinct feature of the REFLECTION Range. Optimal water retention is created by the use of integrated profiles which blend superbly in customised bathroom designs.

Features include:

- Optimal water retention created by the use of integrated profiles.
- Chrome plated finishes and stainless steel fixings.
- Can be used with various glass thicknesses.
- Unique adjustable self-closing action.
- Integrated profiles and gaskets.
- Designed and manufactured in South Africa.
- 6mm, 8mm and 10mm Toughened Safety Glass.

IMAGE RANGE

The IMAGE Frameless Shower Range provides for clean, square lines and includes similar design elements found within the REFLECTION range for maximum efficiency and elegance.

Features include:

- Optimal water retention using integrated profiles.
- Used mainly with 8 to 10mm Toughened Safety Glass.
- Unique magnetic closing action.
- Integrated profiles and gaskets.
- Chrome plated finishes and stainless steel fixtures.

MIRAGE RANGE

framed

The MIRAGE Range of shower doors cater for a diverse choice of applications. From single framed shower doors to multiple-sided framed shower enclosures.

Door Range options include:

- Pivot.
- Wide Pivot door with Side or Centre access.
- Bi-Fold.
- Bi-Slider.
- Corner entry.
- Pentagon.
- Bath Screen.
- Swing doors.
- Side and return panels in a variety of layouts.
- Optional chrome detail.

Features include:

- Versatility to complement most bathroom configurations.
- Optimal water-tightness coupled with elegant framework and components.
- Available in a variety of glass and frame finishes.

SILHOUETTE RANGE

The SILHOUETTE Shower Door Range remains a market favourite since its release more than twenty five years ago, due to its simplicity and functional integrity. The basic and robust application makes it popular for frequently used areas where low maintenance is a key requirement.

Range options include:

Infold -

folds inwards from the centre and can be opened from either side depending on the bathroom fixtures. Features robust stainless steel wheel bearings which allow for long lasting service and minimal maintenance. Side and return panels in a variety of layouts can be added as needed.

Pivot -

is an excellent alternative where cost is a factor. Using framed 4mm and 5mm Toughened Safety Glass, the Pivot door provides generous access to the shower area whilst utilising maintenance free stainless steel Pivot mechanisms.

The clever use of a glass overlap makes this a one of a kind product for high volume installations.

Available in a variety of glass and aluminium finishes.

OTHER

SPARES: A UNIQUE offering of Showerline is the ability for clients to purchase spares on current ranges as well as ranges dating back more than 28 years.
